Helping Students “Find Their Grind”

Learn how Career and Technical Education (CTE) programming in our schools helps ALL students achieve success and scaffolds youth to their personal starting line of life: high school graduation. Learn what programs are offered in Martin County and the many benefits of CTE programs. This information is vital for all MCSD educators who in turn can share this knowledge and information to students no matter how young. Future starts here.

Learning Targets

- **College:** Redefine the traditional definition of “college”
- **Career:** Identify Career & Technical Education (CTE) pathways in Martin County School District as beneficial for all students
- **Ready/Readiness:** Prioritize “Grind” for your students

College & Career Readiness (K-12)

College and career readiness refers to **the knowledge, skills, and dispositions needed to be successful in postsecondary education and/or training that lead to gainful employment.**

Today's workplace requires that all workers be lifelong learners in order to advance in their careers.

How do you define “college?”

college

(n) /'cöl-edgē

An evil form of magic that only the best of sorcerers can master. Not only does it involve numbers, but letters (mostly x and y). They somehow rearrange themselves into supposedly simpler forms of themselves.

“A college is an
undergraduate education institution.”
