Kathy Carlton, CEO of KCarlton International, Licensed Customs Broker and Entrepreneur is a seasoned professional with over four decades of dedicated experience in the international logistics industry. Kathy started her journey by opening and managing Branch offices of small and medium-sized logistics firms from New York to Texas. She quickly established herself as a proficient leader with an innate understanding of the intricacies of global trade.

In 2002, driven by an unwavering entrepreneurial spirit, Kathy embarked on a new chapter by founding her own logistics enterprise based in the vibrant hub of South Florida. Through sheer determination and an unparalleled depth of industry knowledge, she transformed her startup into a thriving and reputable business that has earned recognition for its excellence in providing international logistics solutions.

Currently, Kathy is poised to extend her influence further with the opening of a satellite office in Fort Pierce, that will cater to the Treasure Coast region. This expansion is evidence of her commitment to assist clients, navigate the global marketplace, with the utmost efficiency, irrespective of their geographic location.

A testament to Kathy's devotion to both family and business, her legacy extends beyond the boardroom. As a proud mother of two, Kathy has nurtured a familial bond within the company, with both of her children actively involved in the business. Her son, a licensed Customs Broker, with a degree in Business Management, excels in Sales and Business Development, consistently expanding the company's horizons; while her daughter, with a degree in Marketing, adeptly manages the marketing department and customer relations, both ensuring smooth operations amidst the complexities of international trade.

In an industry where adaptability and foresight are paramount, Kathy stands as a beacon of expertise and resilience. Her unparalleled journey from managing branch offices across the United States to becoming an influential entrepreneur reflects not only her personal accomplishments but also her unwavering dedication to advance the realm of international logistics
