Executive Summary

This report provides an update on the Business Retention and Expansion (BRE) activities undertaken by the Business Development Board of Martin County (BDBMC). The BRE program continues to focus on strengthening relationships with existing businesses, identifying opportunities for expansion, and resolving challenges that may impact local industry.

During the past month, I conducted Pulse Visits and completed follow-up actions that resulted in referrals to the Stuart Martin Chamber of Commerce, CareerSource, Career Connect, SBDC, and Select Florida for international trade assistance. I continued supporting Executive Director William Corbin with several business attraction projects and provided business assistance to Project One, as well as to multiple local individuals looking to start or grow their businesses.

Additionally, I participated in the SBDC/TCMA CEO Exchange Roundtable, attended various Chamber of Commerce events, and provided support on administrative tasks including board meeting preparation and contributions to Martinomic. I am also currently working on a business retention issue involving a local manufacturer.
