

### Ranked #15

Martin Health is ranked 15th in the state of Florida, according to *U.S. News & World Report*.

### 1+ Million

More than 1,029,400 admissions and patient visits in 2024, a 25% increase since 2019.

### Increasing Capacity for Care

Since integration, inpatient admissions are up 25%, surgeries have increased 37%, outpatient clinical visits are up 34%, and emergency department admissions have increased 31%.

### Enhancing Access and Expanding Services

The number of employed physicians has doubled, and 13 medical specialties have been expanded, including Cardiology, Oncology, Obstetrics, Orthopedics, Neurology, Neurosurgery, Ophthalmology, and Colorectal Surgery.

### Stroke Care

Primary stroke care is available at all three facilities with comprehensive stroke care designation at Tradition Hospital – the only one on the Treasure Coast. We continue to be recognized for quality stroke care, earning achievement awards through the American Heart Association’s Get With the Guidelines® Stroke program.

### Excellence in Emergency Care: Achieving National Recognition

Cleveland Clinic Martin Health has reached or exceeded the 80th percentile in Press Ganey scores across our emergency departments (ED), reflecting our commitment to patient-centered care. Additionally, the ED at Martin South Hospital earned the distinguished 2024 Lantern Award from the Emergency Nurses Association. This prestigious recognition highlights the department’s innovative approach to delivering high-quality, compassionate care to our community.

### Five Stars

Martin Health is a 2024 Healthgrades Five Star Recipient in the areas of Coronary Interventional procedures, Heart Failure, Hip Fracture, Cranial Neurosurgery, Stroke, Pneumonia, Peripheral Vascular Bypass, and C-Section.

### CEO Award

The 4th floor team at Tradition Hospital was the recipient of Cleveland Clinic’s CEO Award, presented to only one team across our global health system, for their extraordinary care of a long-term patient.

### Discharge Coordination Program

Facilitates follow-up appointments by calling patients after discharge from the hospital to ensure a smooth recovery.

### Hospital Care At Home<sup>SM</sup>

Cleveland Clinic’s Hospital Care at Home was recognized as Program of The Year by the Hospital At Home Users Group. The program was expanded to Martin North Hospital, Martin South Hospital and Tradition Hospital in early 2024, where 838 total admissions helped avoid 2,346 days in the hospital.

### Research and Innovation

The Florida Research and Innovation Center (FRIC) on the campus of Tradition Hospital is a cutting-edge research institute dedicated to groundbreaking discovery and innovation. The FRIC has been awarded approximately \$30 million in funding to date and employs 102 caregivers in eight labs.

### 36 Community Partners

Martin Health hospitals collaborated with 36 community partners serving more than 20,000 people and infusing almost \$200,000 of funding in areas of need in Martin and St. Lucie Counties in 2024.

### \$250 million

In 2024, Cleveland Clinic’s charity care\* contributions to the community totaled approximately \$250 million.

\*Charity care refers to free, or reduced-cost healthcare services provided by a hospital to patients who are unable to pay for their medical treatment due to financial hardship
